WHY GET INVOLVED?

Women's soccer is one of the fastest growing sports in the world. Ireland had one of its most successful years with the U17's reaching European Cup Final and Quarter Finals of World Cup.

This is your opportunity to have an impact on the future of girls' soccer in Ireland.

It also gives an opportunity to coach on FAI Programmes

Aine O'Gorman – Irish International, plays with Doncaster Belles, UK

"It is important that as many female coaches as possible in the country get involved in football to encourage young girls of all ages, to participate in the beautiful game giving them the best opportunity to progress and fulfill their potential whether it be putting on the green jersey for Ireland one day or just playing for the local team, coaching girls is very enjoyable and rewarding when you see players improve and progress, but most importantly having fun and playing with a smile on their face"
